A football table for the entire family, F-5 is manufactured using high quality methodologies and materials, resulting in a sturdy and stable product.

16mm thickness MDF cabinet with melamine coating. Colour: oak gray

Sturdy 9x9 square legs in MDF with black melamine coating, strengthened by chrome-plated connecting bars (38mm diameter). (fig. 1)

MDF playing field with melamine coating. The particular "grass" effect with white lines gives the impression of playing in a football ground. Slanting corners for a better ball return. (fig.2)

13 mm diameter going-through solid bars with rubbers instead of springs and 3-colour players.

Bar ends are covered by plastic protections for increased safety easier scoring

thanks to the fully rotating goalkeeper (fig.3)

Quick and easy ball recovery through an exit behind each goal (fig. 4).

2 black/white balls to look like a football included

F5 complies with the European harmonized safety rules EN 71-1, 71-2, 71-3 and 71-9.

2 years warranty against manufacture defects

Packing with strong protections inside the carton, to prevent the table from suffering damages during the transport.
