**A** sturdy construction, excellent stability and outstanding playability characterize this football table boasting a stylish design with total white ultramodern effect.

**H**heavy duty 25mm thick MDF cabinet with melamine coating. Colour: white with silver edges.

**9x9**cm square metal legs coated with antiscratch silver powder-varnish (fig.1). Levellers enable a perfectly flat playing field on uneven floors.

**2,2**mm thick high stress resistance steel bars coated with anti-rust chromium-plating. On request 2,2mm thick telescopic safety bars to ensure the greatest safety (fig.2).

**S**teel roller bearings to greatly improve the game speed, while reducing the stress for the players' wrists.

**G**rey and white players in unbreakable plastic moulded onto the bars.

**F**ully rotating (360 degrees) or non-rotating goalkeeper (180 degrees) on choice.

**T**empered glass playfield with white background and grey lines (fig.3).

**P**lastic handles with wenge wooden inserts for a better grip (fig.4).

**Q**uick and easy ball recovery through an exit behind each goal (fig.5).

**F**ootball table size:  
going-through bars 143x125x88 cm  
telescopic bars 143x110x88 cm

**10** orange Standard balls supplied.
